

FIFTEEN KILLED MANY INJURED BY STORMS

DEATH FOLLOWS IN WAKE OF STORMS IN MIDDLE WEST

Thousands of Dollars Worth of Property is Destroyed in Several States—Indiana and Southern Illinois Are the Hardest Hit—Hedrick, Indiana, Hit by Two Tornadoes

CHICAGO, April 17.—Fifteen persons are known to have been killed, more than a hundred injured and thousands made homeless by tornadoes and floods which swept over the central west today.

Tornadoes were reported in a score of Illinois, Indiana and Arkansas towns. Homes were demolished, telephone and telegraph service to the stricken districts crippled and livestock killed.

Thruout the area from Ohio on the east to Kansas and Nebraska on the west heavy downpours swelled the flood waters of streams already out of their banks and inundated thousands of acres of rich farm land in addition to the vast tracts already under water. While snow and sleet covered Colorado, Kansas and Nebraska, Missouri and Iowa were pelted with heavy hail storms which smashed windows and caused much damage to crops. Several inches of snow fell at Denver.

EVERYBODY IS ENDORSED BUT THE GOVERNOR

Small is Ignored as Sullivan Wing Adopt Resolutions

(By The Associated Press)

SPRINGFIELD, Ill., April 17.—Governor Len Small was ignored in resolutions adopted by the Sullivan wing of the Sangamon county Republican committee today after thirty seven committeemen affiliated with the Small-Wheeler faction refused to go into the convention with the dominant organization.

"The regular" convention endorsed the national administration Senators McCormick and McKinley, Congressman Yates and all other state officials except the governor, mentioning the state officials by name.

Three of the so-called Small-Wheeler committeemen sat with the fifty nine "regulars."

While the Sullivan committeemen were adopting their resolutions, the thirty-seven "rebels" met in another hall denouncing Dick Sullivan, leader of the controlling faction in Sangamon county, charged irregularities in one city precinct in last Thursday's primary and pledged support to William Beynon the defeated Small-Wheeler candidate for sheriff, if he enters the race next November as an independent.

Sangamon county will be represented in the Republican state convention next Friday by an anti-Small delegation which was named today.

COOK COUNTY G. O. P CONVENTION HELD

(By The Associated Press)

CHICAGO, Ill., April 17.—The Republican county convention today was marked by a harmonized program. Crowe, Brundage and Deneen committeemen all being given recognition. The Amalgamated voting strength of the regularly elected ward committeemen, with the solid support of the county towns gave the combined forces, an agreement under the primary law of better than 87 percent of the total possible vote in Cook county, it was said.

Political observers declared that the combination of the Crowe-Brundage-Deneen forces meant the retirement from politics of Fred Lundin, but this could not be confirmed.

GROUND HOGS ARE CAUSE OF LEVEE BREAKS

Cairo, Ill., April 17.—Ground hogs, by burrowing into embankments were responsible for levee breaks in this section according to Glenn Keise, Red Cross representative who is investigating relief conditions in the flooded area. Keise said he saw the animals sitting on posts watching workers attempting to strengthen the levees which they had weakened.

FURTHER FACTS ABOUT SEMENOFF GIVEN COMMITTEE

Bureau of Immigration Official Tells of Activities

(By The Associated Press)

WASHINGTON, April 17.—Appearing before the senate labor committee today in connection with its inquiry into the Siberian activities of General Gregorie Semenoff, now under civil arrest in New York, Commissioner General Hubert of the bureau of immigration told how the anti-Bolshevik leader had been permitted to enter the United States at Seattle after landing at Vancouver from a steamer which he had boarded at a Chinese port, and submit thru official documents and messages the suggestion that Semenoff intended to go to Paris to meet the Grand Duke Nicholas to lay plans for a revolution against Russian soviets.

The suggestion of Semenoff's plan for going to Paris was contained in a message from Inspector Zurbick at Vancouver, who added that the general's testimony before a board of inquiry at Vancouver indicated that he intended during his visit to Washington to establish connections for future use, especially as applying to the development of trade relations.

Mr. Hubert indicated that the immigration authorities had no alternative in the case except "arbitrary disbarment" who were powerless under the law.

Information was supplied by the state department to the effect that Secretary Hughes was prepared to intercede in behalf of Boris Bakmeteff the last accredited Russian ambassador who has been subpoenaed to testify before the committee. It was understood that attention would be called to the usual immunity granted foreign privileges.

Still Acting as Ambassador.

Altho the Kerensky regime which sent M. Bakmeteff here disappeared five years ago, he still is listed in official records as the Russian ambassador. He is at Charleston, S. C., and has given no intimation whether he would accept service of the subpoena. In addition to Mr. Hubert, Ralph L. Baggs of New York a former American Army Lieutenant with the forces in Siberia was before the committee. His testimony, which was said not to be refutation of that recently given before the committee by Major General Graves, the Siberian expedition commander, or Lieutenant Colonel Charles H. Morrow, his chief aid was said to be intended to do "justice" to Semenoff insofar as the witness saw events there. He declared that at times the policy appeared to be "an eye for an eye" but that general massacre had taken place in the area where he was stationed. Mr. Baggs credited Semenoff with having checked programs and said that conditions under the general were better than where the Bolshevik held sway.

Conditions On Illinois River Growing Worse

(By The Associated Press)

SPRINGFIELD, Ill., April 17.—Flood conditions along the Illinois river grew worse today as storms continued.

Liverpool, a village above Havana, was the latest town to call for aid. A shipment of tents was rushed to Liverpool by Adjutant General Black following an appeal from Sheriff Guy R. Williams of Fulton county.

Tents were consigned to the mayor of Havana for farmers of the Langelier, Lacey, Curtin Valley and West Mantanza district who have fled their homes.

Levees protecting these districts were still holding tonight but the forty families residing on farms behind the dikes were warned of threatened breaks. All livestock was removed from the districts while 300 men fought to save the levees.

Dikes of the four districts are interlocked and a break in one would result in the inundation of the entire country behind them.

The wind was a big factor tonight in the battle with the flood. The city of Havana fifty feet above the high water mark is out of reach of the flood. The river level at Havana tonight was 22.5 feet.

The river is ten miles wide at Valley City, where three fourths of the 200 inhabitants are living in tents. Tracks of the Wabash railroad between Valley City and Naples were washed out for a distance of 500 yards. The river stage was 25.7 feet tonight with water rising at the rate of one half inch an hour.

Five thousand sand bags were sent from Springfield to Meredosia for use in protecting the McKee creek levee.

At Naples the inhabitants have taken refuge on a bluff.

WAYNE B. WHEELER ISSUED STATEMENT ON TINKHAM CHARGES

Says Anti-Saloon League Only One That Has Reported

(By The Associated Press)

Wheeler, general counsel of the Anti-Saloon League relative to charges by Representative Tinkham, Republican, that the league has not reported to congress on its financial activities in the election of congressmen, says the Anti-Saloon League is the only non-partisan organization which has complied with the federal law requiring the filing of reports.

The statement alleges Washington public records reveal that more than 30 national organizations have spent millions of dollars to defeat dry congressmen and have never filed reports.

SMALL COUNSEL PROMISES TO BE READY FOR TRIAL

Will Positively Be Ready Next Monday LeForgee Says

(By The Associated Press)

WAUKEGAN, Ill., April 17.—Trial of Governor Len Small, again postponed today, this time until next Monday positively will start on that date, according to a promise C. C. LeForgee, chief counsel of the defense made to Judge Claire C. Edwards.

"I know no further reason for delay and we will come prepared to start the case Monday," Mr. LeForgee said after the court had acquiesced in an agreement of counsel for the week's delay.

Today's postponement was taken after the state had accepted a proposition made by Mr. LeForgee for a stipulation covering the introduction of documentary evidence. As a result of the stipulation, the actual trial will be shortened by at least a month, the attorneys estimated.

It was agreed that expert accountants for both sides shall go over the documentary evidence, consisting of books and records of a dozen or more banks, the state treasurer's office and private corporations and will agree what may be introduced by the state without objection from the defense and without the necessity of producing clerks, cashiers, tellers and other witnesses to identify each separate piece of paper.

Order 250 Names Drawn.

COURT HOUSE, WAUKEGAN, Ill., April 17.—Judge Edwards ordered the entire array of 250 names drawn for the opening day of the trial discarded and a new list of 200 names will be drawn Wednesday. From these a venire of 100 will be drawn and ordered to report next Monday. It was learned after court adjourned that the proposition which led to today's postponement was first broached late last night when attorneys for both sides met at the Moraine Hotel, a North Shore resort at Highland Park.

When court convened this morning Judge Edwards was asked to postpone the case for a week but declined unless the request was made in the regular way in open court. Friends of the judge say he has been nettled by newspaper criticism blaming him for the frequent delays in the case, and that he was not willing to take the responsibility for further postponements.

ISIDORE LEVIN SAYS ANTI SALOON LEAGUE SOLD OUT IN CAMPAIGN

Defeated Candidate Invades Meeting of the Springfield Ministerial Association—Flays Methods of McBride—Says Could Sue for Libel But Would Cost Him \$2,000

(By The Associated Press)

SPRINGFIELD, Ill., April 17.—Appearing before the Springfield Ministerial Association today, Isidore Levin, ousted secretary of the Illinois Civil Service Commission and defeated candidate for one of the Republican nominations for the legislature accused the ministers of disreputable campaign tactics and charged that the Anti-Saloon League "sold out" to the Small-Wheeler organization in the campaign here.

Levin declared that altho he has been a life-long "dry", campaign literature circulated by the Anti-Saloon League characterized him as a "wet" and caused his defeat in last Tuesday's primary.

Levin invaded the meeting and asked for an opportunity to speak, declaring that the ministers should demand the resignation of F. Scott McBride, state superintendent of the Anti-Saloon League because of his political campaign methods.

"I could sue for libel, but it would cost me \$2,000," Levin declared, "but a man should be able to obtain justice from a group of ministers without a libel suit."

After Mr. Levin had finished, Rev. W. F. Rotherburger, pastor of the First Christian church took the floor. He said he knew very little of Illinois politics, and entered that field if at all only to support enforcement of law.

"If Mr. Levin is a dry," he concluded, "an injustice has been done him."

HOUSE WILL RENEW FIGHT TODAY OVER THE NAVAL BUDGET

Chairman Kelley Says Roll Call Will be Demanded

(By The Associated Press)

WASHINGTON, April 17.—The fight over the 1923 naval budget to be renewed tomorrow in the house, brought today from the opposing sides an outline of the policy they intend to pursue thru the remaining stages of the struggle.

Supplementing his announcement that a roll call would be demanded and obtained in the house proper on the Vane amendment increasing the enlisted force from 67,000 to 86,000, Chairman Kelley in charge of the measure declared he also would demand a record vote on all amendments ready for presentation which seek to increase the amounts appointed for bureau of engineers, ordnance and construction and repair.

Speaking for those who put thru the \$6,000 proposal, Representative McArthur, Republican, Oregon, declared a check showed it would win by sixty votes compared with its 47 majority. It is committee of the whole Saturday.

Chairman Madden of the appropriations committee and Representative Barnes, second ranking Democratic member of the subcommittee joined in the demand of Chairman Kelley for a record vote on the enlistment and other amendments.

REFUSE TO SEND STERLING AS DELEGATE

ROCKFORD, Ill., April 17.—Lieutenant Governor Fred E. Sterling lost his place as delegate to the Republican state convention today when the county convention voted 32 to 16, to omit his name from the list of delegates' place, which he had previously said he would not accept. There were resolutions passed referring to the state administration State Senator Herbert S. Hicks, who was delegate to the county convention declined to vote on the Sterling matter, giving as his reason that he might as a member of the state senate, be called upon to participate in a trial of the lieutenant governor for impeachment.

"Let no one beguile you with dreams of idleness. Life without toil, if possible, would be an intolerable existence. Work is the supreme encouragement, the sublime luxury of life."
—President Harding.

"Not enemies but opponents" is the way that one speaker at the Republican meeting yesterday expressed it. That's a fine thought to carry along in all campaigns. It will aid in party good feeling.

If there is water in your cellar and a pile of ashes in the back yard awaits the garbage department, be patient. Just bear in mind that continuous bad weather has brought an accumulation for the spring clean up work. This is a time for co-operative patience along with co-operative work.

The Democrats in Sangamon county should be in a very happy frame of mind. The Republican county central committee split Monday and two committees held sessions, with two sets of resolutions, etc. When Republicans make war upon each other, then's when the Democratic party prospers.

If you are inclined to be grouchy about the continuous rain and the cold chilly weather, just compare your lot with that of the people who are living in tents over on the banks of the Illinois river.

As the St. Louis Globe-Graphic puts it, "Being good is not half the battle of life. Doing good is the real question, and readily makes up more than its 50 per cent."

More than two weeks of the coal strike have passed without any signs of disturbance on the part of the public. One thing is certain, when a settlement comes in this over developed industry it should not be merely for a two year period. There is something radically wrong in the miner situation and now is the time to straighten it out.

man in the United States who would willingly undertake to conduct his business with supervisory employees selected for him by outsiders. He ought not expect a government department to do it. Neither should the average American business man permit a self-appointed civil service reform organization to mislead the public as to the merits of the classified civil service system. Such organizations are usually managed by men who have had little if any practical experience in important business undertakings. If they have had such experience, it is safe to say that they did not permit anyone to select their chief employees. "Civil service reform" is a term that has been used to cover much civil service absurdity, and the sooner the country finds it out the better for all concerned.

CIVIL SERVICE DEFECTS.
Civil Service continues to be a theme of general discussion. "In the interest of efficiency in the public service, it is well that attention has been called to the manner in which the classified civil service system has been operating," asserts the Republican Publicity Association. "Too many people have been assuming that the classified civil service plan works with close approach to perfection and that any deviation from the system must result in evil. As a matter of fact, the system has been enlarged to the extent of absurdity and in its present operation is of doubtful public benefit."

"In its original conception, the classified civil service includes those employees who perform purely routine service and whose qualifications could be determined fairly well by a competitive examination. In recent years it has been extended to cover positions of supervisory character where the personal equation is of more consequence than ability to pass competitive examination. The power to make appointments has been practically taken out of the hands of the men who are responsible for results."

"No large or successful private concern in the United States runs its business on any such principle. The relative abilities of clerks, stenographers, accountants etc., can be determined by competitive examination better than by any other method and the classified system is undoubtedly of benefit as applied to the class of employees. But the selection and retention of supervisory officials—those making the connection between the public and the routine workers—is an entirely different matter. No competitive test by an outside bureau can be as satisfactory from any viewpoint as a selection based upon the personal judgment of the men responsible for results."

"This administration has promised the country more business in government. There isn't a business man in the United States who would willingly undertake to conduct his business with supervisory employees selected for him by outsiders. He ought not expect a government department to do it. Neither should the average American business man permit a self-appointed civil service reform organization to mislead the public as to the merits of the classified civil service system. Such organizations are usually managed by men who have had little if any practical experience in important business undertakings. If they have had such experience, it is safe to say that they did not permit anyone to select their chief employees. "Civil service reform" is a term that has been used to cover much civil service absurdity, and the sooner the country finds it out the better for all concerned."

I HAVEN'T QUIT
Word has been passed throughout the Third ward that I have withdrawn from the race for alderman, on the Independent ticket. That is false. I am still in the race, and shall be until after the polls are closed tonight when the official count will decide between us. I feel that I can perform the duties of alderman to the entire satisfaction of the residents of my ward and city, and shall therefore appreciate your support at the polls today. Make a square, make an "X" within it, and write in my name. I thank you.

MRS. MARY A. SPENCER, of Watertown, N. Y., aged 75, who declares she gained fifteen pounds on Tanlac and feels just fine all the time. Was in badly run-down condition.

"Just think of it, at seventy-five years of age to be made well and strong, again and gain twelve pounds in weight, but this is exactly what I did after taking Tanlac. Not only that, I feel years younger," said Mrs. Mary A. Spencer, East St., life-long resident of Watertown, N. Y.

"For over a year I was in a terribly run-down condition and I was so nervous and restless that many a night I would hear the clock strike every hour. I was able to eat very little and lost strength right along, finally becoming so weak I could hardly walk from one room to the other. "On account of my age I thought my declining health was natural, but Tanlac has proved that I was mistaken. I can do all my own housework now, I sleep all night long, wake up in the morning feeling refreshed and just feel fine all the day long. Tanlac can't be praised too much."

LETTER TO BETHEL CHURCH.

Rev. John W. Kirk recently received a letter from his long time friend, S. W. Nichols written from Los Angeles. In this letter Mr. Nichols wrote in part as follows: Hotel Lamm, 715 West 6th St., Los Angeles, Calif., April 3.

Rev. John W. Kirk: My Esteemed Brother: I see by the papers that old Bethel is making another campaign and while my means are sadly limited and my wants and necessary expenses many, I want to be counted in to the extent of the inclosed check at any rate. Bethel will ever have a warm place in my heart; for her prosperity will I ever labor and pray and hope that a glorious future, spiritually and every other way is before her.

In this connection I cannot refrain from referring to the approaching Easter season. How many sacred associations cluster around it. In 57 years I have known a great many of the Master's chosen ones who have served with men and most of whom are now singing the song of redeeming love with the spirits of the just made perfect.

I close my eyes and give way to my imagination and see again a little boy learning his letters and proudly asking me to stop as I passed by and hear him read a verse of the bible. I see previous Aunty Gorham, Aunty Davis and so many more with joy in their eyes as they were able to read their first verse of the holy book.

I must confess sometimes when the little boy I refer to would forget and be mischievous. I hardly thought I could live to see the day when he would be a grey haired Reverend and a stately grandfather.

Who can tell the good that has been accomplished by the faithful servants of God who have ministered over old Bethel in times gone by? Like seed sown in the ground their works didn't show at once and often they felt downcast and discouraged but in the day when he maketh jewels they will have many stars in their Crowns of rejoicing.

There has been many devoted servants of the Master of the church since first I became connected with it. Nobly they did their part with labor and prayer and their reward is on high.

How well it is that we can feel and know that our Master judges us rightly. Our fellowmen may fail to appreciate our efforts earnest though they may be but He who knows all things, reads our hearts and judges us without an error.

Nor do I believe in waiting till man is gone and then laying flowers on his casket with kind words. Little good it can do him then. Tell him while he is living and cheer him in his work. How many a devoted servant of the Master has hungered for a kind word of appreciation that never came till he was laid away.

So in this connection I want to pay a just tribute to Rev. R. H. Hackley, the worthy, capable and faithful pastor of Bethel, and his dutiful wife.

Each one of the faithful workers whom I cannot mention by name comes in for my commendation. Dear Brothers and Sisters. Work in harmony; let no root of bitterness ever be found among you but with the spirit of the Master labor for the welfare of immortal souls.

Yours for our Master,
S. W. NICHOLS.

OLDEST MAN IN WHITE HALL DIED SUNDAY

Death of James S. Brooks Came as Result of Attack of Pneumonia—An Easter Wedding—Other White Hall News.

White Hall, April 17.—James S. Brooks, the oldest male citizen of White Hall, succumbed to an attack of pneumonia at 5 a. m. Sunday, growing out of a cold contracted on a visit to his son, A. H. Brooks, in St. Louis about ten days before his death. He came home a week ago and pneumonia developed. He would have been 92 years of age on September 20th next, being exceeded in age by Mrs. Mary Gibler, who will be 93 on August 15th next.

Mr. Brooks was a native of Tennessee, coming to Pike county, Illinois, when quite young. In 1856 he came to White Hall, and this place has since been his home a period of sixty six years. One year after he and Miss Caroline Reno were married, and there were twelve children, nine of whom survive, as follows: F. A. Brooks, J. O. Brooks, White Hall; J. Albert Brooks, Greenville, Ill.; Mrs. Emma Groves, wife of Dr. J. S. Graves, Indianapolis; Mary, wife of C. J. Chapman, Corona, Calif.; Lucy, wife of J. V. Nevius, White Hall; A. H. Brooks, Auburn; A. H. St. Louis; Katie, wife of Bert Moore, Hutchinson, Kansas. All these children were born and reared to useful manhood and womanhood in White Hall, and they were greatly devoted to their father in his declining years, his splendid physical condition for his years being a matter of especial pride, and only the ravages of disease took him away.

The mother died in 1914. She was a daughter of the late Aaron Reno, one of the first settlers in White Hall, coming here in 1828 and engaged in merchandising. At one time John C. Nicolay, Lincoln's secretary and noted as the Lincoln biographer, clerked for Mr. Reno, coming from the same rural district adjacent to White Hall. From here Nicolay went to Pittsfield and became a printer, later going to Springfield to become associated with Abraham Lincoln on the recommendation of John Hay and Mr. Reno.

When Mr. Brooks came to White Hall there were less than 50 inhabitants in the village. He participated in many ways in practically the entire history of the town of more than 2,000, and recalled many lost opportunities that would have made White Hall a great city, particularly the location of the court house and the U. S. A. terminal in Greene county. He says he subscribed

Tree Planting at Alexander Church

Interesting Ceremonial Took Place in M. E. Church Yard—Other Alexander News.

Alexander, April 17.—Members of Mrs. J. T. Little's class of the M. E. Sunday school had an interesting ceremonial Saturday afternoon when three trees were planted on the church lawn. Rev. S. Graves, the pastor the church, made brief remarks at the planting of each tree, each of which was in memory of some one and given an appropriate name. One of the trees was planted in memory of Vaughn Willets, who lost his life in France during the World war. This tree was given the name of "Service."

The second tree was in memory of Mrs. Margaret Colwell, one of the faithful members of the church who is now deceased. This tree was named "Faith."

The third tree is in honor of George Black, for many years superintendent of the Sunday school, and to this tree was given the name "Worth."

Preceding the tree planting ceremonial the children of Mrs. Little's class gave an Easter entertainment in the basement of the church. This was a very interesting program and very much enjoyed by all present.

EQUIPMENT BOUGHT FOR NEW FILTER

Council Let Contract Monday Night to International Filter Company—Jacksonville Asked to Send Representative to City Conference in Decatur.

The contract for equipment needed for the addition to the filtration plant was awarded to the International Filter Co. at the session of the city council last night on motion of Alderman Chapin with a Second by Alderman Longman. The contract price is \$3600. At a previous meeting the contract for the general construction was awarded to S. G. Chumley.

The roll call Monday night showed all present except Alderman Williamson. A report indicated that most of the work necessary in connection with the dammed sewer on North Main street has been completed. Alderman Ehrle reported that a state smoke inspector will be in the city about May 1 to take up the question of factory smoke, about which complaints have been made.

The ordinance for pavement No. 3 on East State street, that is the pavement from the railroad to Johnson street, was repealed. This action was taken in order to correct certain errors. A petition was read from property owners on Bedford street, asking for the construction of a sewer and this was referred to the proper committee.

An invitation was read from Mayor Bechers of Decatur, asking that Jacksonville be represented at the conference to be held in Decatur May 5. At this time questions of zoning, city planning, parks and play grounds will be considered by the representatives of a group of cities. The council expects to send one or more representatives.

Ben. F. Owens For Alderman

To Voters of the Third Ward

As I was one of the first to announce my candidacy, in all reason I should at least receive first consideration. I am a successful business man and a member of the Chamber of Commerce, and therefore am deeply interested in all things of vital interest to citizens as well as business men of Jacksonville.

I am under obligation to no person or faction and have no axe to grind. If elected I will be in a position to discharge the duties of the office fearlessly and fairly and "FOR THE GOOD OF JACKSONVILLE."

I am a member of several fraternal societies and affiliated with the Methodist church.

I believe that I am qualified to fill the position. If YOU think so too I surely will appreciate your vote and influence.

Write my name on your ballot, and make an X in the square as indicated above.

Yours truly,

Ben. F. Owens

DEMOCRATS ORGANIZE FOR COMING CAMPAIGN

Paul P. Thompson Named Chairman of County Committee—Delegates to Three Conventions Chosen.

The Democratic county central committee yesterday elected Paul P. Thompson chairman, with

Charles Blesse as secretary and A. J. Gebert treasurer. The meeting was called to order in the county court room at the court house by John W. Clary, chairman, and L. R. Craig was chosen temporary secretary.

Jewell E. Scott was nominated for the chairmanship by acclamation, but declined, stating that other duties would make it impossible for him to serve. Mr. Thompson was then quickly chosen for the chairmanship by unanimous consent.

The committee to name delegates and alternates to the state, congressional and senatorial conventions, was named, including G. J. Dowell, John W. Clary and Walter W. Wright.

While the committee was at work brief addresses were made by H. H. Vasconcellos, county superintendent of schools, T. O. Wright, candidate for sheriff, and C. O. Swift, the Democratic candidate for alderman in the second ward in the election today. Some time was spent in discussing the co-operative work of women in connection with the committee and the intention is to organize in all the precincts of the county.

The delegates and alternates named were as follows:

Delegates to State Convention—M. F. Dunlap, J. B. Lombard, W. F. Roegge, G. J. Dowell, William Shields, alternates, John Miller James, Landers, Ed Collins, William Res, J. H. Fuller.

WEMPLE IS G. O. P. COMMITTEE CHAIRMAN

Waverly Man Selected at Meeting Monday—Resolutions Endorsed National and State Administrations—Convention Delegates Chosen.

The Morgan County Republican Central Committee was organized Monday by the election of C. F. Wemple as chairman, F. L. Gregory as secretary and F. J. Blackburn treasurer. The committee met at 12:30 o'clock at the court house and the harmonious session was quite brief.

Resolutions were adopted commending national and state administrations and delegates were chosen to the state and congressional conventions. Short talks "for the good of the party" were made by Paul Samuel, Hugh Green, Charles S. Black, George A. Wheeler, Harry Norris, G. A. Dunlap, E. O. Mortimer, Basil Sorrells, J. W. Baptist and Andrew Russell.

The convention was called to order by Mr. Wemple, who has been chairman during the past year and with F. L. Gregory serving as secretary routine business was transacted.

A committee of five was named to select delegates for the state and congressional convention, this committee including R. W. Leggett, Roy Mawson, E. M. Vasconcellos, S. A. Fairbank, A. E. Williamson and Arthur Reeve.

The committee later suggested the following as delegates and alternates to the two conventions, and they were declared the choice of the convention:

Delegates Chosen
The following delegates were selected to attend the state convention: W. L. Fay, W. L. Alexander, George A. Wheeler, C. O. Bayha, Paul Samuel, L. F. Berger, Andrew Russell, C. F. Wemple, Mrs. W. Barr Brown, Joseph Estaque. Alternates: J. E. Osborne, Harry Cade, Newton Wood, Jeff Duckett, Fletcher Blackburn, C. M. James, James H. Brown, Arthur Roulard, George S. Rogerson and Charles E. Souza.

The following delegates were chosen to attend the congressional convention: Grant Graff, Roy Mawson, Alvin Anderson, Cloyd Beerup, Hugh Green, R. F. Rowe, E. O. Mortimer, W. H. Petefish, Lloyd Smith, John W. Larson. Alternates: Allison Thomason, J. W. Walton, W. L. Alexander, E. E. Hart, John Easley, W. J. Wood, E. A. Ranson, Frank Ogle, W. E. Barrows and Wilson Smith.

Charles E. Souza introduced a resolution with reference to the national and state administrations and the resolution was adopted on motion of C. O. Bayha with a second by R. W. Leggett. Various candidates and some others were called upon for speeches.

Paul Samuel said that he appreciated the support given him in the primary and felt that he had made enemies but that it was inevitable that in a primary contest a candidate must have opponents. He said he had but one idea now and that to carry his full share of the burden in the endeavor to elect a full Republican ticket.

Hugh Green said that he had honestly aspired to the judgeship, but that the voice of the people had been heard and that he felt that the main reason for Judge Samuel's nomination was the fact that the people recognized that he was a good man who had made a good judge. He said that he had no reason for assuring Judge Samuel of his earnest support, because he had already made that pledge.

George L. Riggs said he wanted the people to understand how much he appreciated the vote given him at the primary and to say he could be counted upon to work earnestly for the success of all.

Charles S. Black voiced the thought that while all his friends could not be for him in the primary, that he had nothing but the most kindly feeling for all, and hoped that there would be united and vigorous support for all the G. O. P. candidates in the election next November.

George Wheeler, who was a strong contender for the sheriff nomination, showed again that he was a good loser when he declared that he was a Black Republican and that nobody would be found working harder than he for the success of Mr. Black and the other candidates on the ticket.

Harry Norris as the successful candidate for assessor and G. A. Dunlap, winner in the race for county commissioner, spoke along the same general lines, voicing their appreciation for the support given and gave assurances of their earnest purpose to work zealously for party success in November.

E. O. Mortimer spoke in behalf of J. C. Colton, candidate for county superintendent of schools, who was unable to attend the meeting on account of his school being in session.

Basil Sorrells Republican candidate for alderman in the Second Ward, and John W. Baptist, Republican candidate for alderman in the First Ward, spoke briefly and on motion of W. L. Alexander a resolution was passed pledging the support of the committee to all Republican candidates in the city aldermanic election today.

Andrew Russell voiced his pleasure in attending the meeting and said that all should go at the task of electing the Republican ticket next fall with the feeling that no one has an easy victory. He said that he had the most kindly feeling for every candidate and wanted to work with equal vigor for the success of all. He urged all Republicans to talk frankly to the candidates and to give them suggestions at any time.

Resolutions adopted were as follows:

The Resolutions.

"Whereas, On the 4th day of March, 1921, when the present Republican Administration took control of governmental affairs, the whole country was in a chaotic condition; the obligations of the Nation were far below par and the finances of the country in a deplorable condition and the people burdened with indebtedness that seemed insurmountable and our foreign policies were in a worse condition than domestic affairs; and,

"Whereas, The present Administration, under the wise guidance and influence of President Harding, supported by a Republican Congress, has brought this chaotic condition into order, has restored the confidence of the People and brought back to par the obligations of the United States thru the restoration of such confidence, and our relations with other countries have been re-established and our commerce has begun to move in an orderly manner;

"Therefore, Be It Resolved, By the Republican County Central Committee of Morgan County, Illinois, in regular Convention assembled, that we commend the efficient, progressive and constructive legislation and official acts of the present National Administration; that we approve of the official acts of the State Administration and that we pledge ourselves to an unceasing effort to elect the Republican ticket and all of the nominees of the Republican party to be voted for at the November election.

"Be It Resolved, That when the respective Conventions to which delegates have been selected shall convene, if the delegates and alternates for such delegates are not present so as to make the delegation full, then and in that event those of the delegates present at such convention are hereby empowered to fill such delegation to the full number of delegates to which Morgan County is entitled.

"Be It Resolved, That in case of a vacancy on the County ticket, by death, resignation or otherwise, that the County Central Committee be, and it is hereby authorized to fill such vacancy.

"Be It Resolved, That in the event of a vacancy in the Republican County Central Committee on account of death, resignation or other cause, that the Chairman of the County Central Committee be, and he is hereby, authorized to fill such vacancy by appointment."

At the last regular meeting of the Jacksonville Post No. 279 of the American Legion a resolution was passed whereby the local post proposes to contribute to the fund for the purpose of decorating the graves of their comrades overseas. For the last two years it has been the custom of the American Legion to collect and transmit abroad a fund from their membership for that purpose. Although many of the bodies of veterans have been brought home, there still remain overseas some thirty thousand American dead who will not be removed from their last resting place.

Committees are established for the purpose in France and Great Britain, composed largely of Legion men, acting in conjunction with similar bodies of officials and citizens of the respective foreign countries; and posts in all European countries, co-operating with these committees, will see that the grave of every American who perished overseas is appropriately decorated.

There are many Americans who cherish some grave overseas and cannot place their tribute on it in person. The Legion is glad to offer its assistance to these, and funds received for this purpose will receive especial attention.

WORKS FOR CHILD MUST KEEP WELL

Mothers in a Like Situation Should Read This Letter from Mrs. Enrico

Chicago, Illinois.—"I took Lydia E. Pinkham's Vegetable Compound for a serious trouble. I had tried doctors and all said the same—an operation. At first I only felt the pain on my left side, but later I seemed to feel it on both sides. I am a power sewing-machine operator and have a little girl to support. I work in a tailor shop and that line of work has been very slack this year and I am home part of the time. I do not like to take any chances, so I consulted my friends, and one lady said, 'Take Lydia Pinkham's medicine,' so I did. I have felt better right along and am in good enough health to go to work. I recommend your Vegetable Compound and Sensitive Wash to all."—Mrs. MARY ENRICO, 459 N. Carpenter St., Chicago.

Often the mother is obliged to support her children and good health is necessary. Lydia E. Pinkham's Vegetable Compound is just the medicine you can depend upon. It is a medicine for women's ailments and the relief it brought Mrs. Enrico it may bring to you.

NEW RECORD SET ON STOCK EXCHANGE By Associated Press. NEW YORK, April 17.—All records for the current and previous year on the stock exchange were broken today when dealings mounted to the stupendous total of 2,050,000 shares and the number of separate issues traded in assumed corresponding dimensions.

Trading was on an extraordinary scale from the beginning. In the forenoon the turn over was on a basis of 500,000 shares an hour and this high pressure was only slightly diminished in the last half.

Further lowering of call money rates was one of several stimulating features. Call loans opened at 4 per cent but soon dropped to 3 per cent in the open market and 3 per cent in private loans.

The sensational elements were furnished by oils, which almost by common impulse extended last Saturday's gains by 1 to 2 points. Rails, copper, equipment and other independent stocks registered similar advances, but the entire list became unsettled at midday on Sinclair's reaction of more than 4 points.

The market's top heavy position and cables announcing a treaty agreement between Germany and Russia and accelerated the reversal much of which was later retrieved. Steels made little recovery advances from Pittsburgh indicating that the coal strike had become a distinct influence in the industry.

The news from Genoa failed of reflection in the foreign exchange market where all quotations including British and allied remittances rose above last week's closing prices. Sterling gained 4½¢ and French, Italian and Belgian bills showed uniform gains of five points, even the German mark keeping moderate pace with the general continental list.

The turnover in Liberty third and 4½ was large and within easy distance of recent maximum. Total bond sales (par value) aggregated \$19,485,000.

TRADING IN BUTTER WAS QUIET MONDAY

By Associated Press. CHICAGO, April 17.—Trading in butter was quiet today, but due to light stocks the tone remained fairly steady. Fine butter was scarce and while a few lots of 22 score were sold at 37¢ it was not hard to get 37¢ for goods of ready quality. Medium and undergrades were quiet and a little easier with some concessions reported. Cars of centralized were in more liberal supply and easier. Some 90 score sold early as high as 37¢, but later these could be bought at 36½¢. Storage cars were irregular and selling at prices ranging from 32½ to 34¢.

CLOSE OF WHEAT MARKET UNSETTLED By Associated Press. CHICAGO, April 17.—Efforts to secure at once big profits already in sight kept owners of wheat too busy most of the time today to try any new kiting of prices. Excitement over Saturday's 9 cents bushels sudden ascent of values gradually subsided and fresh advances failed to last. The market closed unsettled 2¢ to 2½¢ net lower, with May at \$1.40 1/2, \$1.40 1/2 and July \$1.24 1/2, \$1.25. Corn lost 1¢ to 2¢ and oats 1¢ to 2¢. In provisions the finish was unchanged to 5¢ higher.

More nervousness among wheat traders was shown early in the exchange session opinion being sharply divided for a while as to whether the extraordinary jump in prices on Saturday would be followed by a still greater rise or whether a reaction would ensue. Possibility of a huge shortage of wheat here through the approaching period for the settlement of May contracts remained an acute problem especially for dealers who have been selling wheat on a large scale of late expecting to obtain the grain at over prices when needed.

If soon was evident that price upturns no greater than are witnessed almost daily would for the time being to induce holders to let go of plenty of wheat to supply all immediate wants.

Holiday slowness of export demand counted somewhat as a factor in easing the strain in the wheat market, particularly near the end of the day. Talk of curtailment of purchasing for domestic mills and of lack of inquiry for flour tended to bring about declines at the last. A good sized decrease in the United States visible supply was announced, but the effect on the market here was more or less offset by some additions to wheat in store here and by shipments to Chicago in prospect at Omaha and elsewhere.

Corn and oats were ruled by the action of wheat. Adverse weather conditions were of insufficient influence to uphold prices.

Provisions averaged a little higher in line with the hog market.

CITY ATTORNEY GIVES
ELECTION OPINION

Mr. Bellatti Suggests Safest Way For Writing in Candidates Names on Official Ballot.

City Attorney Walter Bellatti yesterday addressed a letter to City Clerk J. E. Scott with reference to the situation which has developed in the third ward, now that Alderman Cain has indicated that he does not seek election and there are a number of resulting independent candidates. Mr. Bellatti believes to be perfectly sure of regularity that those who wish to vote for independent candidates should place the name upon the Democratic ballot, using a square and cross in front. However, he does not hold that such a name written on the Republican ballot will be illegal.

Letter From Mr. Bellatti
Mr. Bellatti's communication on the subject is as follows:
April 17, 1922.
J. E. Scott, City Clerk.
Dear Sir:—

With reference to your inquiry concerning the election to be held in the Third Ward tomorrow, I beg to report as follows:

I understand that the official ballot already prepared for the said election contains only one office to be voted for, and contains a Republican column and a Democratic column; that in the Republican, under the office of alderman, appears the name of John D. Cain, and in the Democratic column under the office of alderman appears a blank space with a square in front of it.

I further understand that Mr. Cain, on account of his impending absence, desires to receive no votes at said election, and that there are a number of candidates for the office, some probably Democrats and some probably Republicans, but all running as independents. You desire a written statement as to the best method of voting. Section 23 of the Ballot Act, approved June 22, 1891, provides that a voter shall prepare his ballot by making in the appropriate margin or place a (X) opposite the name of the candidate of his choice, or by writing in the name of the candidate of his choice in a blank space on said ticket, making a cross (X) opposite thereto.

I am of the opinion that this provision does not permit the use of stickers containing the name of one of the independent candidates to be placed on the ballot by the voter, but on the other hand the voter must write the name on the ballot himself. I am further of the opinion that the best method of voting for one of said independent candidates is to write his name in the blank space provided on the Democratic ticket and to mark a cross in front of the name so written.

I am not prepared to say that a name written elsewhere on the ballot with a cross in front of it should not be counted, and I would advise the judges to count all ballots substantially complying with the provision above quoted. If the intention of the voter can be understood. However, in order to avoid any chance of a contest, I should advise the candidates to instruct their friends to make use of the space in the Democratic column.

Yours truly,
Walter Bellatti,
City Attorney.

JACKSONVILLE MEN MADE MEREDOSIA TRIP
Visited Rotary Club House and V. R. Riley Cottage, Finding Both Far Above High Water Mark—Constant Work Done to Hold Levee.

Vincent Riley, George Riley, David Smith and John Gilbert traveled by Ford to Meredosia Sunday afternoon. They found a number of mud holes thru which it was necessary to push the car, but otherwise made the trip with comparative comfort.

In going from Meredosia out to Mr. Riley's cottage they traveled thru two feet of water for a considerable distance. The cottage itself stands on ground that is now about 16 feet above the high water mark and the Rotary club cottage on lots adjoining is about nine feet above the high water mark.

Mr. Riley said yesterday that there is high water in all directions from Meredosia but that there has been no damage to the town itself. Mr. Riley and his companions went in a boat from Meredosia across the river to the pumping station and saw a large force of men at work in the endeavor to save the levee. At that time the water was within six inches of the top. The steamer Illinois had arrived from St. Louis with an additional supply of bags and sand and there is still hope that the levee would hold. If it breaks between 16,000 and 18,000 acres of farm land will be flooded.

THE BEARDSTOWN STAR
The Illinoisian-Star of Beardstown is being published under difficulties. Saturday's edition was in much abbreviated form, four pages 10 by 12 size. However, publishing conditions improved Monday and the Star appeared very much in its usual form. Mr. Schaeffer and his associate workers are not at all dismayed and are making the best of the situation. The Star mentions that Mayor Perry has discouraged all sight-seeing expeditions. The reason is that the waves from boats cut into foundations with resulting damage.

HON. D. A. BROWN TO TELL OF MOOSEHEART

Representative of J. J. Davis of the Harding Cabinet Will Make Three Addresses Here Thursday—"The Men and Women of Tomorrow" His Theme.

Word was received in the city Monday from Earl C. Hasey, representing the Hon. Darius A. Brown, former mayor of Kansas City and past supreme dictator of the Loyal Order of Moose of the World, who is to speak in this city Thursday, that Mr. Brown will arrive at 8:15 via Wabash speak at the High school at 10:10 at the Kiwanis club luncheon at 12:15, at Routt college at 3 p. m., addressing a mass meeting at the court house at 8 o'clock in the evening.

Mr. Brown's subject is "The Men and Women of Tomorrow," a timely and intensely interesting discourse on child welfare, and is based on the wonderful work accomplished at Mooseheart the orphans' home and vocational training school of the Loyal Order of Moose.

Mr. Brown is touring the country as the personal representative of Hon. James J. Davis, secretary of labor, who also is Director General of the Order of Moose, the highest office in the gift of the order.

Among those who have heard and commended Mr. Brown's treatment of his subject is Judge Ben B. Lindsey of Denver, Colo., who says, "It is the greatest human interest story I ever heard fall from the lips of man."

The Work at Mooseheart
Mooseheart, on which Mr. Brown's message is based, is an estate containing one thousand and twenty-three acres of land, 3 1/2 miles west of Chicago, on the Fox river, between Aurora and Batavia and is owned by the Supreme lodge, Loyal Order of Moose of the World and is now the home and vocational training school for more than one thousand children of deceased members of the order. The residential portion of Mooseheart resembles a modern village of about 1,000 residents. It consists of about fifty buildings of concrete fireproof construction, including a hospital and gymnasium. There is a large modern heating plant, a modern print shop, high school building and grade school buildings, industrial shops, a modern farm plant, dormitories and official residences. The educational features are highly vocational and practical and at the present time about twenty-five of the most usual crafts are taught, including agriculture. When a child leaves Mooseheart he has an accredited high school education and is fitted to enter life's work in his chosen field without having to serve an apprenticeship and with sufficient funds to carry him along.

The problem of the child and its welfare has been solved through practical experience at Mooseheart and it now remains only necessary to spread this gospel of care and training and to put it more and more into effect.

MEREDOSIA LEVEE STILL HOLDING

Big Force of Men Busy Night and Day In Effort to Save Thousands of Acres of Farm Land.

Meredosia, April 17.—At nine o'clock tonight the levee to the west of Meredosia was still holding. The river stage was 2 1/2 feet, 1 inches. Scores of men are working on the levee night and day, and with a huge supply of sand bags at hand it is still hoped that the levee can be maintained.

Should the levee break it is believed that a great deal of damage will result to the railroad bridge. Certain it is that a tremendous acreage of farm land would be covered, with great loss to both the landowners and the tenants.

Meredosia is almost an island, as now there is water on the Butler farm to the east 1 1/2 feet deep and on the Strueter farm to the south. However the town is on such high land that no damage can come from a levee break.

Euchre and dance, K. of C. hall Tuesday evening, April 18. Music by Large's orchestra. Knights and their friends invited.

KNIGHTS TEMPLAR AT EASTER SERVICE

Listened to Fine Sermon By Sir Knight A. P. Howells at First Baptist Church.

About seventy five Knights of Hospitaller Commandery No. 31, K. T., assembled at their asylum Sunday afternoon and marched to First Baptist church for the Easter service. The sermon of the day was delivered by Sir Knight A. P. Howells, after a program of special music had been given. Homer Wood and Evangelist Dunk sang solos and there were two anthems by a quartet including Mrs. Hackett Wylder, Mrs. Elmer Ellis, Messrs. Homer Wood and Roy Blauvelt.

The church had been handsomely decorated for the event and an illuminated cross and crown had a prominent place above the pulpit. Rev. Mr. Howells spoke most impressively upon the theme: "The Sepulchre in the Garden," his text being John 19:41. "Now near the place where he was crucified was a garden, and in the garden was a sepulchre."

The minister said that in the beginning God provided a garden and likewise He has provided all the best things that life brings. He said that it was the Romans who provided the cross on which Christ was crucified, and that they put Him to death at the instance of the Jews, who provided the sepulchre for the Savior. Joseph of Arimathea and Nicodemus provided the tomb in which Christ was laid, and furnished the myrrh and aloes which which to embalm His body. It was Christ, the speaker said, who provided Easter, and when He did so He removed the cross and the sepulchre from God's garden.
